NOTICE:

* Informal free play is a child-driven, unstructured, and spontaneous activity where children choose what, how, and when to play without adult intervention or strict rules.

** An organized sport is a structured, rule-governed physical activity led by adults (trainers/coaches/leaders) with formal practices and scheduled competitions, typically through independent trainers/coaches, leagues, clubs, or schools, focusing on skill development and teamwork, **unlike informal free play.**

Examples include Little League baseball, school soccer, or AAU basketball, offering benefits like physical health, coordination, and social skills, though they involve significant commitment and cost.

Key Characteristics

- **Structure:** Formal rules, schedules, and official oversight (leagues, associations).
- **Leadership:** Directed by coaches or adult/youth leaders.
- **Components:** Involves regular practice, skill-building, and formal competition.
- **Setting:** Often through schools, community centers, or private clubs.

- **LOCAL SCHOOLS AND ESTABLISHED CHURCHES WITH 501c3 - 50% OFF RENTAL PRICES Upon Approval of Office, Chairman, and Vice Chairman**
